**Product Line: OPUS® Pre-Packed Chromatography Columns**

**Re: Allergen Statement**

To whom it may concern,

OPUS chromatography column components do not contain allergens as identified in Annex II of Regulation EU/1169/2011 and the eight major food allergens identified by the FDA/FALCPA/2004. Additionally, all plastic components are washed/cleaned prior to the assembly and pack of the column. No allergens are introduced during the manufacturing process.

Sincerely,

Kevin Fitzgerald  
Director of Quality  
Repligen Corporation
